

UNITED STATES DEPARTMENT OF AGRICULTURE  
Bureau of Entomology and Plant Quarantine  
Washington, D. C.

B. E. P. Q.--396, Supplement No. 1.

July 7, 1937.

PLANT QUARANTINE IMPORT RESTRICTIONS  
OF THE  
DOMINICAN REPUBLIC

Importation Prohibited of Cotton and Cottonseed  
From the United States and other Countries  
(Decree No. 1899, June 1, 1937)

Articles 1 to 3 of this decree establish protective cotton-free zones between the Republics of Dominica and Haiti.

Art. 4. The introduction of cotton, parts of cotton plants and cottonseed, and sacks or receptacles that have contained cottonseed, into the Dominican Republic is absolutely prohibited when proceeding from Haiti, Mexico, Guatemala, Costa Rica, United States, and Cuba.

Art. 5. Requires the inspection of the baggage of passengers from the above-named countries.

Art. 6. Dominican Consuls in each of the countries named in article 4 will refuse to visa documents supporting the clearance of the products referred to in that article, and neither frontier nor maritime customs authorities will permit the entry of the products mentioned.

The above decree apparently supersedes Executive Order No. 80 of September 17, 1917, and No. 508 of June 2, 1920. (See B.E.P.Q.-396, p.2.)

  
LEE A. STRONG

Chief, Bureau of Entomology and Plant Quarantine.
